	3		~	經度(Lon): 緯度(Lat):			

備註:若有相關目擊影像資料,再繳交至主管機關。If there are relevant sighting images, please submit them to the government authority.

三、鯨豚觀察員異動情形(無則免填) TCO variations (No fill if no variations)

註:異動情形指本文件所提交之人員名單,與鯨豚觀察員監測計畫(本文件附錄 4)或離岸風電打樁施工前通報項目表的觀察船與人員名單(本文件附錄 6)不符合者。廠商若更動鯨豚觀察員監測計畫,請於此處註明,俾利主管機關進行後續查核。

The variations refer to the inconsistency when the list of TCO personnel submitted in this document does not conform to the TCO Monitoring Plan (Appendix 4 of this document) or the list of observation vessels and personnel (Appendix 6 of this document) in the notification before piling construction. When there are variations to the TCO personnel list in the TCO monitoring plan, please indicate it here, and the government authority will conduct follow-up inspections.

四、其他異常情形(無則免填) Other abnormal situations (No fill if no abnormity)

備註:異常情形如觀察船延遲抵達施工區或提早返港、減輕措施設備異常、監測設備異常等。 Abnormal situations include delayed arrival of the observation vessel at the construction area or early return to the port, mitigation equipment abnormalities, and monitoring equipment abnormalities, etc.

五、即時水下噪音監測初步結果(僅須提報偵測最大值) Preliminary result of underwater noise monitoring in real-time (Only report the maximum level from monitoring)

六、減輕措施執行影像資料(照片) Mitigation measures implementation images (photos)
